Key Factors & Strategic Recommendations

Factors influencing viewership

Gender
Male users dominate — content leans toward sports and entertainment.

Age
18–54 age bands drive 95%+ of views — strong digital platform affinity.

Province
Urban areas (Gauteng, W. Cape) lead due to better internet access.

Day & time
Fridays and afternoons are peak — leisure-driven consumption.

Channel
Sports, music, and entertainment attract the most views.

Strategic recommendations

1. **Targeted content strategy**
Sports/entertainment weekdays; family content on low-consumption days.

2. **Personalized marketing**
Province-based offers and youth-oriented subscription packages.

3. **Engagement initiatives**
Loyalty rewards and watch-streak features to build habitual viewing.

4. **Data-driven scheduling**
Air premium content at 18:00–21:00 to maximize retention.

5. **Platform enhancement**
Simplify UI and add personalized recommendations from watch history.
